A Big Drop—Before the War Prices!!

For the past few years Turnip Seed has been almost out of the market and the price has ranged from \$1.00 to \$3.50 per pound. Well, last year we made a contract with European growers for a very large quantity of Purple Top White Globe Turnip and we made up our mind that we would

BREAK THE MARKET!! 1920

and you can now take advantage of this and get some of the finest quality Purple Top White Globe Turnip of high germination at a price that is lower than it has been for many years. This is your opportunity to save some money.

REMEMBER!!

This is for high-grade seed and is for CASH. We will deliver the seed free of charge, but when this supply is sold out we reserve the right to refund the money.

Now don't wait until you want to sow because then we may not have the seed and you will have to pay a higher price no matter where you buy. You surely are going to sow some Turnip along in July so **YOU BETTER ORDER NOW.**
